

Kaiying Power 6FM100S: The Industrial-Grade Energy Solution You Can Trust

Kaiying Power 6FM100S: The Industrial-Grade Energy Solution You Can Trust

What Makes 6FM100S Stand Out in Power Storage?

When your operations demand reliable backup power, the Kaiying 6FM100S valve-regulated lead-acid battery emerges as a workhorse in industrial energy solutions. This 12V/100AH powerhouse combines military-grade durability with smart energy management - imagine a marathon runner with the precision of a Swiss watch.

Technical Specifications That Matter

Voltage: 12V DC +-1% stability

Capacity: 100AH @ 20-hour rate

Terminal Type: Fast-release copper alloy

Cycle Life: 1,200+ deep discharges (80% DOD)

Self-discharge:
