

Unlocking the Power of MHB MNG 180-12 12V180AH Deep Cycle Batteries

Unlocking the Power of MHB MNG 180-12 12V180AH Deep Cycle Batteries

What Makes This Battery the Swiss Army Knife of Energy Storage?

Imagine having an energy solution that works upside down, laughs in the face of extreme temperatures, and keeps going like the Energizer Bunny's buff cousin. The MHB MNG 180-12 12V180AH battery isn't your grandpa's lead-acid cell - it's a high-performance workhorse redefining industrial power solutions. With electrolyte containment that would make a spill-proof coffee mug jealous, this battery maintains 95%+ gas recombination efficiency even when installed at 90° angles.

Technical Specifications That'll Make Engineers Swoon

Voltage: 12V DC +-1% @ 25°C

Capacity: 180Ah @ C/20 rate to 1.75VPC

Cycle Life: 1,200+ cycles @ 50% DoD

Self-Discharge:
